(3) It is supported by funds provided by any department or agency of the United States by being:

(i) A recipient of ~~Federal~~ federal financial assistance in any form, including financial assistance which does not directly pay for the ~~alcohol or drug abuse~~ substance use disorder diagnosis, treatment, or referral ~~activities for treatment~~; or

(ii) Conducted by a ~~State~~ state or local government unit which, through general or special revenue sharing or other forms of assistance, receives ~~Federal~~ federal funds which could be (but are not necessarily) spent for the ~~alcohol or drug abuse~~ substance use disorder program; or

(4) It is assisted by the Internal Revenue Service of the Department of the Treasury through the allowance of income tax deductions for contributions to the program or through the granting of tax exempt status to the program.

(c) Exceptions—(1) Department of Veterans Affairs. These regulations do not apply to information on ~~alcohol and drug abuse~~ substance use disorder patients maintained in connection with the Department of Veterans Affairs ~~Administration provisions~~ provision of hospital care, nursing home care, domiciliary care, and medical services under ~~title~~ Title 38, ~~United States Code~~ U.S.C. Those records are governed by 38 U.S.C. ~~4132-7332~~ and regulations issued under that authority by the ~~Administrator~~ Secretary of Veterans' Affairs.

(2) Armed Forces. ~~These~~ The regulations in this part apply to any information described in paragraph (a) of this section which was obtained by any component of the Armed Forces during a period when the patient was subject to the Uniform Code of Military Justice except:

(i) Any interchange of that information within the Armed Forces; and

(ii) Any interchange of that information between the Armed Forces and those components of the Department of Veterans Affairs ~~Administration~~ Affairs furnishing health care to veterans.

(3) Communication within a part 2 program or between a part 2 program and an entity having direct administrative control over that part 2 program. The restrictions on disclosure in ~~these the~~ regulations in this part do not apply to communications of information between or among personnel having a need for the information in connection with their duties that arise out of the provision of diagnosis, treatment, or referral for treatment of ~~alcohol or drug abuse~~ patients with substance use disorders if the communications are:

(i) Within a part 2 program; or

(ii) Between a part 2 program and an entity that has direct administrative control over the program.

(4) Qualified ~~Service Organizations~~ service organizations. The restrictions on disclosure in ~~these the~~ regulations in this part do not apply to communications between a part 2 program and a qualified service organization of information needed by the qualified service organization to provide services to the program.

Access or use of this information is not intended to create, and does not constitute, a lawyer-client relationship. No portion should be acted upon without first seeking legal counsel in your home jurisdiction.

(5) Crimes on [part 2](#) program premises or against [part 2](#) program personnel. The restrictions on disclosure and use in ~~these the~~ regulations [in this part](#) do not apply to communications from [part 2](#) program personnel to law enforcement ~~officers which~~ [—agencies or officials which](#):

(i) Are directly related to a patient's commission of a crime on the premises of the [part 2](#) program or against [part 2](#) program personnel or to a threat to commit such a crime; and

(ii) Are limited to the circumstances of the incident, including the patient status of the individual committing or threatening to commit the crime, that individual's name and address, and that individual's last known whereabouts.

(6) Reports of suspected child abuse and neglect. The restrictions on disclosure and use in ~~these the~~ regulations [in this part](#) do not apply to the reporting under ~~State-state~~ law of incidents of suspected child abuse and neglect to the appropriate ~~State-state~~ or local authorities. However, the restrictions continue to apply to the original ~~alcohol or drug abuse~~ [substance use disorder](#) patient records maintained by the [part 2](#) program including their disclosure and use for civil or criminal proceedings which may arise out of the report of suspected child abuse and neglect.

(d) Applicability to recipients of information—(1) Restriction on use of information. The restriction on the use of any information subject to ~~these the~~ regulations [in this part](#) to initiate or substantiate any criminal charges against a patient or to conduct any criminal investigation of a patient applies to any person who obtains that information from a ~~federally assisted alcohol or drug abuse~~ [part 2](#) program, regardless of the status of the person obtaining the information or ~~of~~ whether the information was obtained in accordance with ~~these the~~ regulations [in this part](#). This restriction on use bars, among other things, the introduction of that information as evidence in a criminal proceeding and any other use of the information to investigate or prosecute a patient with respect to a suspected crime. Information obtained by undercover agents or informants (see ~~§2.17~~ [§ 2.17](#)) or through patient access (see ~~§2.23~~ [§ 2.23](#)) is subject to the restriction on use.

(2) Restrictions on ~~disclosures—Third~~ [disclosures—\(i\) Third](#)-party payers, administrative entities, and others. The restrictions on disclosure in ~~these the~~ regulations [in this part](#) apply to:

~~(iA)~~ [Third](#)-party payers with regard to records disclosed to them by ~~federally assisted alcohol or drug abuse~~ [part 2](#) programs; ~~or under §2.31(a)(4)(iii)(A)~~;

~~(iiB)~~ Entities having direct administrative control over [part 2](#) programs with regard to information [that is subject to the regulations in this part](#) communicated to them by the [part 2](#) program under ~~§2.12(e)(3) paragraph (c)(3) of this section~~; and

~~(iiiC)~~ ~~Persons~~ [Individuals or entities](#) who receive patient records directly from a ~~federally assisted alcohol or drug abuse~~ [part 2](#) program or other lawful holder of patient identifying [information](#) and who are notified of the ~~restrictions on redisclosure of the records~~ [prohibition on re-disclosure](#) in accordance with ~~§2.32 of these regulations~~.

Access or use of this information is not intended to create, and does not constitute, a lawyer-client relationship. No portion should be acted upon without first seeking legal counsel in your home jurisdiction.

(e) Explanation of applicability—(1) Coverage. These regulations cover any information (including information on referral and intake) about ~~alcohol and drug abuse patients obtained by a program (as the terms “patient” and “program” are defined in §2.11) if the program is federally assisted in any manner described in §2.12(b)~~ patients receiving diagnosis, treatment, or referral for treatment for a substance use disorder created by a part 2 program. Coverage includes, but is not limited to, those treatment or rehabilitation programs, employee assistance programs, programs within general hospitals, school-based programs, and private practitioners who hold themselves out as providing, and provide ~~alcohol or drug abuse~~ substance use disorder diagnosis, treatment, or referral for treatment. However, ~~these the~~ regulations in this part would not apply, for example, to emergency room personnel who refer a patient to the intensive care unit for an apparent overdose, unless the primary function of such personnel is the provision of ~~alcohol or drug abuse~~ substance use disorder diagnosis, treatment, or referral for treatment and they are identified as providing such services or the emergency room has promoted itself to the community as a provider of such services.

(2) Federal assistance to program required. If a patient's ~~alcohol or drug abuse~~ substance use disorder diagnosis, treatment, or referral for treatment is not provided by a ~~program which is federally conducted, regulated or supported in a manner which constitutes Federal assistance under §2.12(b)~~ part 2 program, that patient's record is not covered by ~~these the~~ regulations in this part. Thus, it is possible for an individual patient to benefit from ~~Federal~~ federal support and not be covered by the confidentiality regulations because the program in which the patient is enrolled is not federally assisted as defined in ~~§2.12(b)~~ paragraph (b) of this section. For example, if a ~~Federal~~ federal court placed an individual in a private for-profit program and made a payment to the program on behalf of that individual, that patient's record would not be covered by ~~these the~~ regulations in this part unless the program itself received ~~Federal~~ federal assistance as defined by ~~§2.12(b)~~ paragraph (b) of this section.

(3) Information to which restrictions are applicable. Whether a restriction ~~is on~~ applies to use or disclosure affects the type of information which may be ~~available~~ disclosed. The restrictions on disclosure apply to any information which would identify a patient as ~~an alcohol or drug abuser~~ having or having had a substance use disorder. The restriction on use of information to bring criminal charges against a patient for a crime applies to any information obtained by the part 2 program for the purpose of diagnosis, treatment, or referral for treatment of ~~alcohol or drug abuse~~ patients with substance use disorders. (Note that restrictions on use and disclosure apply to recipients of information under ~~§2.12(d)~~ paragraph (d) of this section.)

(4) How type of diagnosis affects coverage. These regulations cover any record of a diagnosis identifying a patient as ~~an alcohol or drug abuser~~ having or having had a substance use disorder which is initially prepared by a part 2 provider in connection with the treatment or referral for treatment of ~~alcohol or drug abuse~~ a patient with a substance use disorder. A diagnosis prepared for the purpose of treatment or referral for treatment but which is not so used is covered by ~~these the~~ regulations in this part. The following are not covered by ~~these the~~ regulations in this part:

(i) Diagnosis which is made solely for the purpose of providing evidence for use by law enforcement ~~authorities~~ agencies or officials; or

(ii) A diagnosis of drug overdose or alcohol intoxication which clearly shows that the individual involved ~~is not an alcohol or drug abuser~~ does not have a substance use disorder (e.g., involuntary ingestion of alcohol or drugs or reaction to a prescribed dosage of one or more drugs).

~~[52 FR 21809, June 9, 1987; 52 FR 42061, Nov. 2, 1987, as amended at 60 FR 22297, May 5, 1995]~~

§2.13 Confidentiality restrictions and safeguards.

(a) General. The patient records ~~to which these~~ subject to the regulations ~~apply in this part~~ may be disclosed or used only as permitted by ~~these the~~ regulations in this part and may not otherwise be disclosed or used in any civil, criminal, administrative, or legislative proceedings conducted by any ~~Federal~~ federal, ~~State~~ state, or local authority. Any disclosure made under ~~these the~~ regulations in this part must be limited to that information which is necessary to carry out the purpose of the disclosure.

(b) Unconditional compliance required. The restrictions on disclosure and use in ~~these the~~ regulations in this part apply whether or not the part 2 program or other lawful holder of the patient identifying information believes that the person seeking the information already has it, has other means of obtaining it, is a law enforcement agency or official or other government official, has obtained a subpoena, or asserts any other justification for a disclosure or use which is not permitted by ~~these the~~ regulations in this part.

(c) Acknowledging the presence of patients: Responding to requests. (1) The presence of an identified patient in a health care facility or component of a health care facility which is publicly identified as a place where only ~~alcohol or drug abuse~~ substance use disorder diagnosis, treatment, or referral for treatment is provided may be acknowledged only if the patient's written consent is obtained in accordance with subpart C of ~~these regulations this part~~ or if an authorizing court order is entered in accordance with subpart E of ~~these regulations this part~~. The regulations permit acknowledgement of the presence of an identified patient in a health care facility or part of a health care facility if the health care facility is not ~~publicly~~ publicly identified as only ~~an alcohol or drug abuse~~ a substance use disorder diagnosis, treatment, or referral for treatment facility, and if the acknowledgement does not reveal that the patient ~~is an alcohol or drug abuser~~ has a substance use disorder.

(2) Any answer to a request for a disclosure of patient records which is not permissible under ~~these the~~ regulations in this part must be made in a way that will not affirmatively reveal that an identified individual has been, or is being, diagnosed or treated for ~~alcohol or drug abuse~~ a substance use disorder. An inquiring party may be ~~given~~ provided a copy of ~~these the~~ regulations in this part and advised that they restrict the disclosure of ~~alcohol or drug abuse~~ substance use disorder patient records, but may not be told affirmatively that the regulations restrict the disclosure of the records of an identified patient. ~~The regulations do not restrict a disclosure that an identified individual is not and never has been a patient.~~

(d) List of disclosures. Upon request, patients who have consented to disclose their patient identifying information using a general designation pursuant to §2.31(a)(4)(iii)(B)(3) must be

provided a list of entities to which their information has been disclosed pursuant to the general designation.

(1) Under this paragraph (d), patient requests:

(i) Must be made in writing; and

(ii) Are limited to disclosures made within the past two years;

(2) Under this paragraph (d), the entity named on the consent form that discloses information pursuant to a patient's general designation (the entity that serves as an intermediary, as described in §2.31(a)(4)(iii)(B)) must:

(i) Respond in 30 or fewer days of receipt of the written request; and

(ii) Provide, for each disclosure, the name(s) of the entity(-ies) to which the disclosure was made, the date of the disclosure, and a brief description of the patient identifying information disclosed.

(3) The part 2 program is not responsible for compliance with this paragraph (d); the entity that serves as an intermediary, as described in §2.31(a)(4)(iii)(B), is responsible for compliance with the list of disclosures requirement.

§2.14 Minor patients.

~~(a) Definition of minor. As used in these regulations the term “minor” means a person who has not attained the age of majority specified in the applicable State law, or if no age of majority is specified in the applicable State law, the age of eighteen years.~~

~~(b)~~(a) State law not requiring parental consent to treatment. If a minor patient acting alone has the legal capacity under the applicable State-state law to apply for and obtain ~~alcohol or drug abuse substance use disorder~~ treatment, any written consent for disclosure authorized under subpart C of ~~these regulations this part~~ may be given only by the minor patient. This restriction includes, but is not limited to, any disclosure of patient identifying information to the parent or guardian of a minor patient for the purpose of obtaining financial reimbursement. These regulations do not prohibit a part 2 program from refusing to provide treatment until the minor patient consents to the disclosure necessary to obtain reimbursement, but refusal to provide treatment may be prohibited under a State state or local law requiring the program to furnish the service irrespective of ability to pay.

~~(e)~~(b) State law requiring parental consent to treatment. (1) Where State-state law requires consent of a parent, guardian, or other person-individual for a minor to obtain ~~alcohol or drug abuse~~ treatment for a substance use disorder, any written consent for disclosure authorized under subpart C of ~~these regulations this part~~ must be given by both the minor and ~~his or her~~ their parent, guardian, or other person-individual authorized under State-state law to act in the minor's behalf.

Disclaimer: This material is provided as a courtesy by Christian & Barton, L.L.P. for informational purposes only and does not constitute legal advice. Access or use of this information is not intended to create, and does not constitute, a lawyer-client relationship. No portion should be acted upon without first seeking legal counsel in your home jurisdiction.

(2) Where ~~State-state~~ law requires parental consent to treatment, the fact of a minor's application for treatment may be communicated to the minor's parent, guardian, or other ~~person-individual~~ authorized under ~~State-state~~ law to act in the minor's behalf only if:

(i) The minor has given written consent to the disclosure in accordance with subpart C of ~~these regulations-this part~~; or

(ii) The minor lacks the capacity to make a rational choice regarding such consent as judged by the ~~part 2~~ program director under paragraph (~~d~~c) of this section.

~~(d~~c) Minor applicant for services lacks capacity for rational choice. Facts relevant to reducing a ~~substantial~~ threat to the life or physical well-being of the ~~minor~~ applicant or any other individual may be disclosed to the parent, guardian, or other ~~person-individual~~ authorized under ~~State-state~~ law to act in the minor's behalf if the ~~part 2~~ program director judges that:

(1) A minor applicant for services lacks capacity because of extreme ~~youth-or-youthor~~ mental or physical condition to make a rational decision on whether to consent to a disclosure under subpart C of ~~these regulations to his or her-this part to their~~ parent, guardian, or other ~~person-individual~~ authorized under ~~State-state~~ law to act in the minor's behalf; and

(2) The ~~minor~~ applicant's situation poses a substantial threat to the life or physical well-being of the ~~minor~~ applicant or any other individual which may be reduced by communicating relevant facts to the minor's parent, guardian, or other ~~person-individual~~ authorized under ~~State-state~~ law to act in the minor's behalf.

§2.15 Incompetent and deceased patients.

(a) Incompetent patients other than minors—(1) Adjudication of incompetence. In the case of a patient who has been adjudicated as lacking the capacity, for any reason other than insufficient age, to ~~manage his or her-their~~ own affairs, any consent which is required under ~~these-the~~ regulations ~~in this part~~ may be given by the guardian or other ~~person-individual~~ authorized under ~~State-state~~ law to act in the patient's behalf.

(2) No adjudication of incompetency. ~~For any period for which the program director determines that~~ ~~In the case of~~ a patient, other than a minor or one who has been adjudicated incompetent, ~~that for any period~~ suffers from a medical condition that prevents knowing or effective action on ~~his or her-their~~ own behalf, the ~~part 2~~ program director may exercise the right of the patient to consent to a disclosure under subpart C of ~~these regulations-this part~~ for the sole purpose of obtaining payment for services from a third-party payer.

(b) Deceased patients—(1) Vital statistics. These regulations do not restrict the disclosure of patient identifying information relating to the cause of death of a patient under laws requiring the collection of death or other vital statistics or permitting inquiry into the cause of death.

(2) Consent by personal representative. Any other disclosure of information identifying a deceased patient as ~~an alcohol or drug abuser~~ having a substance use disorder is subject to ~~these the~~ regulations in this part. If a written consent to the disclosure is required, that consent may be given by an executor, administrator, or other personal representative appointed under applicable ~~State~~ state law. If there is no such applicable state law appointment, the consent may be given by the patient's spouse or, if none, by any responsible member of the patient's family.

§2.16 Security for ~~written~~ records.

~~(a) Written records which are subject to these regulations must be maintained~~ (a) The part 2 program or other lawful holder of patient identifying information must have in place formal policies and procedures to reasonably protect against unauthorized uses and disclosures of patient identifying information and to protect against reasonably anticipated threats or hazards to the security of patient identifying information. These formal policies and procedures must address:

(1) Paper records, including:

(i) Transferring and removing such records;

(ii) Destroying such records, including sanitizing the hard copy media associated with the paper printouts, to render the patient identifying information non-retrievable;

(iii) Maintaining such records in a secure room, locked file cabinet, safe, ~~or other similar container,~~ or storage facility when not in use; ~~and~~

~~(b) Each program shall adopt in writing procedures which regulate and control access to and use of written records which are subject to these regulations.~~

(iv) Using and accessing workstations, secure rooms, locked file cabinets, safes, or other similar containers, and storage facilities that use or store such information; and

(v) Rendering patient identifying information non-identifiable in a manner that creates a very low risk of re-identification (e.g., removing direct identifiers).

(2) Electronic records, including:

(i) Creating, receiving, maintaining, and transmitting such records;

(ii) Destroying such records, including sanitizing the electronic media on which such records are stored, to render the patient identifying information non-retrievable;

(iii) Using and accessing electronic records or other electronic media containing patient identifying information; and

(iv) Rendering the patient identifying information non-identifiable in a manner that creates a very low risk of re-identification (e.g., removing direct identifiers).

(b) [Reserved]

§2.17 Undercover agents and informants.

(a) Restrictions on placement. Except as specifically authorized by a court order granted under §2.67 ~~of these regulations~~, no part 2 program may knowingly employ, or enroll as a patient, any undercover agent or informant.

(b) Restriction on use of information. No information obtained by an undercover agent or informant, whether or not that undercover agent or informant is placed in a part 2 program pursuant to an authorizing court order, may be used to criminally investigate or prosecute any patient.

~~[52 FR 21809, June 9, 1987; 52 FR 42061, Nov. 2, 1987]~~

§2.18 Restrictions on the use of identification cards.

No person may require any patient to carry ~~on his or her person~~ in their immediate possession while away from the part 2 program premises any card or other object which would identify the patient as ~~an alcohol or drug abuser~~ having a substance use disorder. This section does not prohibit a person from requiring patients to use or carry cards or other identification objects on the premises of a part 2 program.

§2.19 Disposition of records by discontinued programs.

(a) General. If a part 2 program discontinues operations or is taken over or acquired by another program, it must ~~purge remove~~ patient identifying information from its records or destroy ~~the records unless—~~ its records, including sanitizing any associated hard copy or electronic media, to render the patient identifying information non-retrievable in a manner consistent with the policies and procedures established under §2.16, unless:

(1) The patient who is the subject of the records gives written consent (meeting the requirements of §2.31) to a transfer of the records to the acquiring program or to any other program designated in the consent (the manner of obtaining this consent must minimize the likelihood of a disclosure of patient identifying information to a third party); or

(2) There is a legal requirement that the records be kept for a period specified by law which does not expire until after the discontinuation or acquisition of the part 2 program.

(b) ~~Procedure~~ Special procedure where retention period required by law. If paragraph (a)(2) of this section applies, ~~the records must be:~~

(1) Records, which are paper, must be:

~~(1)~~ (i) Sealed in envelopes or other containers labeled as follows: “Records of [insert name of program] required to be maintained under [insert citation to statute, regulation, court order or other

legal authority requiring that records be kept] until a date not later than [insert appropriate date]”;~~and~~

(A) All hard copy media from which the paper records were produced, such as printer and facsimile ribbons, drums, etc., must be sanitized to render the data non-retrievable; and

(B) [Reserved]

~~(2(ii))~~ Held under the restrictions of ~~these~~the regulations in this part by a responsible person who must, as soon as practicable after the end of the required retention period specified on the label, destroy the records and sanitize any associated hard copy media to render the patient identifying information non-retrievable in a manner consistent with the discontinued program's or acquiring program's policies and procedures established under §2.16.

(2) Records, which are electronic, must be:

(i) Transferred to a portable electronic device with implemented encryption to encrypt the data at rest so that there is a low probability of assigning meaning without the use of a confidential process or key and implemented access controls for the confidential process or key; or

(ii) Transferred, along with a backup copy, to separate electronic media, so that both the records and the backup copy have implemented encryption to encrypt the data at rest so that there is a low probability of assigning meaning without the use of a confidential process or key and implemented access controls for the confidential process or key; and

(iii) Within one year of the discontinuation or acquisition of the program, all electronic media on which the patient records or patient identifying information resided prior to being transferred to the device specified in (i) above or the original and backup electronic media specified in (ii) above, including email and other electronic communications, must be sanitized to render the patient identifying information non-retrievable in a manner consistent with the discontinued program's or acquiring program's policies and procedures established under §2.16; and

(iv) The portable electronic device or the original and backup electronic media must be:

(A) Sealed in a container along with any equipment needed to read or access the information, and labeled as follows: “Records of [insert name of program] required to be maintained under [insert citation to statute, regulation, court order or other legal authority requiring that records be kept] until a date not later than [insert appropriate date];” and

(B) Held under the restrictions of the regulations in this part by a responsible person who must store the container in a manner that will protect the information (e.g., climate controlled environment); and

(v) The responsible person must be included on the access control list and be provided a means for decrypting the data. The responsible person must store the decryption tools on a device or at a location separate from the data they are used to encrypt or decrypt; and

(vi) As soon as practicable after the end of the required retention period specified on the label, the portable electronic device or the original and backup electronic media must be sanitized to render the patient identifying information non-retrievable consistent with the policies established under §2.16.

§2.20 Relationship to ~~State-state~~ laws.

The ~~statutes-statute~~ authorizing ~~these-the~~ regulations in this part (42 U.S.C. ~~290ee-3 and 42 U.S.C. 290dd-3~~290dd-2) ~~do- does~~ not preempt the field of law which they cover to the exclusion of all ~~State state~~ laws in that field. If a disclosure permitted under ~~these-the~~ regulations in this part is prohibited under ~~State-state~~ law, neither ~~these-the~~ regulations in this part nor the authorizing ~~statutes-statute~~ may be construed to authorize any violation of that ~~State-state~~ law. However, no ~~State-state~~ law may either authorize or compel any disclosure prohibited by ~~these-the~~ regulations in this part.

§2.21 Relationship to ~~Federal-federal~~ statutes protecting research subjects against compulsory disclosure of their identity.

(a) Research privilege description. There may be concurrent coverage of patient identifying information by ~~these-the~~ regulations in this part and by administrative action taken under: ~~Section 303(a) of the Public Health Service Act (42 U.S.C. 242a(a) and the implementing regulations at 42 CFR part 2a); or~~ section 502(c) of the Controlled Substances Act (21 U.S.C. 872(c) and the implementing regulations at 21 CFR ~~1316.21~~). ~~These~~ part 1316; or section 301(d) of the Public Health Service Act (42 U.S.C. 241(d) and the implementing regulations at 42 CFR part 2a). ~~These~~ research privilege²² statutes confer on the Secretary of Health and Human Services and on the Attorney General, respectively, the power to authorize researchers conducting certain types of research to withhold from all persons not connected with the research the names and other identifying information concerning individuals who are the subjects of the research.

(b) Effect of concurrent coverage. These regulations restrict the disclosure and use of information about patients, while administrative action taken under the research privilege statutes and implementing regulations protects a person engaged in applicable research from being compelled to disclose any identifying characteristics of the individuals who are the subjects of that research. The issuance under subpart E of ~~these regulations~~ this part of a court order authorizing a disclosure of information about a patient does not affect an exercise of authority under these research privilege statutes. ~~However, the research privilege granted under 21 CFR 291.505(g) to treatment programs using methadone for maintenance treatment does not protect from compulsory disclosure any information which is permitted to be disclosed under those regulations. Thus, if a court order entered in accordance with subpart E of these regulations authorizes a methadone maintenance treatment program to disclose certain information about its patients, that program may not invoke the research privilege under 21 CFR 291.505(g) as a defense to a subpoena for that information.~~

§2.22 Notice to patients of ~~Federal~~federal confidentiality requirements.

(a) Notice required. At the time of admission ~~or as soon thereafter~~ to a part 2 program or, in the case that a patient does not have capacity upon admission to understand his or her medical status, as soon thereafter as the patient ~~is capable of rational communication~~ attains such capacity, each part 2 program shall:

(1) Communicate to the patient that ~~Federal~~federal law and regulations protect the confidentiality of ~~alcohol and drug abuse~~ substance use disorder patient records; and

(2) Give to the patient a summary in writing of the ~~Federal~~federal law and regulations.

(b) Required elements of written summary. The written summary of the ~~Federal~~federal law and regulations must include:

(1) A general description of the limited circumstances under which a part 2 program may acknowledge that an individual is present ~~at a facility~~ or disclose outside the part 2 program information identifying a patient as ~~an alcohol or drug abuser~~ having or having had a substance use disorder;

(2) A statement that violation of the ~~Federal~~federal law and regulations by a part 2 program is a crime and that suspected violations may be reported to appropriate authorities ~~in accordance with these regulations~~ consistent with §2.4, along with contact information;

(3) A statement that information related to a patient's commission of a crime on the premises of the part 2 program or against personnel of the part 2 program is not protected~~;~~;

(4) A statement that reports of suspected child abuse and neglect made under ~~State~~state law to appropriate ~~State~~state or local authorities are not protected~~;~~ and

(5) A citation to the ~~Federal~~federal law and regulations.

(c) Program options. The part 2 program ~~may~~must devise ~~its own a~~ notice ~~or may use the sample notice in paragraph (d)~~ to comply with the requirement to provide the patient with a summary in writing of the ~~Federal~~federal law and regulations. In ~~addition, the program may include in the this~~ written summary~~;~~ the part 2 program also may include information concerning ~~State~~state law and any ~~program policy of the part 2 program's policies that are~~ not inconsistent with ~~State~~state and ~~Federal~~federal law on the subject of confidentiality of ~~alcohol and drug abuse~~ substance use disorder patient records.

~~(d) Sample notice.~~

~~The confidentiality of alcohol and drug abuse patient records maintained by this program is protected by Federal law and regulations. Generally, the program may not say to a person outside the program that a patient attends the program, or disclose any information identifying a patient as an alcohol or drug abuser Unless:~~

~~(1) The patient consents in writing;~~

~~(2) The disclosure is allowed by a court order; or~~

~~(3) The disclosure is made to medical personnel in a medical emergency or to qualified personnel for research, audit, or program evaluation.~~

~~Violation of the Federal law and regulations by a program is a crime. Suspected violations may be reported to appropriate authorities in accordance with Federal regulations.~~

~~Federal law and regulations do not protect any information about a crime committed by a patient either at the program or against any person who works for the program or about any threat to commit such a crime.~~

(1) The disclosure is necessary to protect against an existing threat to life or of serious bodily injury, including circumstances which constitute suspected child abuse and neglect and verbal threats against third parties;

(2) The disclosure is necessary in connection with investigation or prosecution of an extremely serious crime [allegedly committed by the patient](#), such as one which directly threatens loss of life or serious bodily injury, including homicide, rape, kidnapping, armed robbery, assault with a deadly weapon, or child abuse and neglect; or

(3) The disclosure is in connection with litigation or an administrative proceeding in which the patient offers testimony or other evidence pertaining to the content of the confidential communications.

(b) [Reserved]

§2.64 Procedures and criteria for orders authorizing disclosures for noncriminal purposes.

(a) Application. An order authorizing the disclosure of patient records for purposes other than criminal investigation or prosecution may be applied for by any person having a legally recognized interest in the disclosure which is sought. The application may be filed separately or as part of a pending civil action in which ~~it appears~~ [the applicant asserts](#) that the patient records are needed to provide evidence. An application must use a fictitious name, such as John Doe, to refer to any patient and may not contain or otherwise disclose any patient identifying information unless the patient is the applicant or has given ~~a~~ written consent (meeting the requirements of ~~these the~~ regulations [in this part](#)) to disclosure or the court has ordered the record of the proceeding sealed from public ~~serenity~~[scrutiny](#).

(b) Notice. The patient and the person holding the records from whom disclosure is sought must be ~~given~~[provided](#):

(1) Adequate notice in a manner which ~~will~~[does](#) not disclose patient identifying information to other persons; and

(2) An opportunity to file a written response to the application, or to appear in person, for the limited purpose of providing evidence on the statutory and regulatory criteria for the issuance of the court order [as described in §2.64\(d\)](#).

(c) Review of evidence: Conduct of hearing. Any oral argument, review of evidence, or hearing on the application must be held in the judge's chambers or in some manner which ensures that patient identifying information is not disclosed to anyone other than a party to the proceeding, the patient, or the person holding the record, unless the patient requests an open hearing in a manner which

meets the written consent requirements of ~~these~~ the regulations in this part. The proceeding may include an examination by the judge of the patient records referred to in the application.

- (1) Other ways of obtaining the information are not available or would not be effective; and
- (2) The public interest and need for the disclosure outweigh the potential injury to the patient, the physician-patient relationship and the treatment services.

(e) Content of order. An order authorizing a disclosure must:

- (1) Limit disclosure to those parts of the patient's record which are essential to fulfill the objective of the order;
- (2) Limit disclosure to those persons whose need for information is the basis for the order; and
- (3) Include such other measures as are necessary to limit disclosure for the protection of the patient, the physician-patient relationship and the treatment services; for example, sealing from public scrutiny the record of any proceeding for which disclosure of a patient's record has been ordered.

§2.65 Procedures and criteria for orders authorizing disclosure and use of records to criminally investigate or prosecute patients.

(a) Application. An order authorizing the disclosure or use of patient records to ~~eriminally~~ investigate or prosecute a patient in connection with a criminal proceeding may be applied for by the person holding the records or by any ~~person-law enforcement or prosecutorial officials who are~~ responsible for conducting investigative or prosecutorial activities with respect to the enforcement of criminal laws. The application may be filed separately, as part of an application for a subpoena or other compulsory process, or in a pending criminal action. An application must use a fictitious name such as John Doe, to refer to any patient and may not contain or otherwise disclose patient identifying information unless the court has ordered the record of the proceeding sealed from public scrutiny.

(b) Notice and hearing. Unless an order under §2.66 is sought ~~with~~ in addition to an order under this section, the person holding the records must be ~~given~~ provided:

- (1) Adequate notice (in a manner which will not disclose patient identifying information to ~~third parties~~ other persons) of an application by a ~~person performing a law enforcement function~~ agency or official;
- (2) An opportunity to appear and be heard for the limited purpose of providing evidence on the statutory and regulatory criteria for the issuance of the court order as described in §2.65(d); and

(2) There is a reasonable likelihood that the records will disclose information of substantial value in the investigation or prosecution.

(3) Other ways of obtaining the information are not available or would not be effective.

(4) The potential injury to the patient, to the physician-patient relationship and to the ability of the part 2 program to provide services to other patients is outweighed by the public interest and the need for the disclosure.

(5) If the applicant is a ~~person performing a~~ law enforcement ~~function~~agency or official, that:

(i) The person holding the records has been afforded the opportunity to be represented by independent counsel; and

(ii) Any person holding the records which is an entity within ~~Federal~~federal, ~~State~~state, or local government has in fact been represented by counsel independent of the applicant.

(1) Limit disclosure and use to those parts of the patient's record which are essential to fulfill the objective of the order;

(2) Limit disclosure to those law enforcement and prosecutorial officials who are responsible for, or are conducting, the investigation or prosecution, and limit their use of the records to investigation and prosecution of the extremely serious crime or suspected crime specified in the application; and

(2) The application may be filed separately or as part of a pending civil or criminal action against a [part 2](#) program or the person holding the records (or agents or employees of the [part 2](#) program or person [holding the records](#)) in which ~~it appears~~ [the applicant asserts](#) that the patient records are needed to provide material evidence. The application must use a fictitious name, such as John Doe, to refer to any patient and may not contain or otherwise disclose any patient identifying information unless the court has ordered the record of the proceeding sealed from public scrutiny or the patient has ~~given a~~ [provided](#) written consent (meeting the requirements of §2.31 ~~of these regulations~~) to that disclosure.

(b) Notice not required. An application under this section may, in the discretion of the court, be granted without notice. Although no express notice is required to the [part 2](#) program, to the person holding the records, or to any patient whose records are to be disclosed, upon implementation of an order so granted any of the above persons must be afforded an opportunity to seek revocation or amendment of that order, limited to the presentation of evidence on the statutory and regulatory criteria for the issuance of the court order [in accordance with §2.66\(c\)](#).

The [part 2](#) program director must be given adequate notice of the application and an opportunity to appear and be heard (for the limited purpose of providing evidence on the statutory and regulatory criteria for the issuance of the court order [in accordance with §2.67\(c\)](#)), unless the application asserts ~~a belief~~ that:

(1) The [part 2](#) program director is involved in the [suspected](#) criminal activities to be investigated by the undercover agent or informant; or

(2) The [part 2](#) program director will intentionally or unintentionally disclose the proposed placement of an undercover agent or informant to the employees or agents [of the program](#) who are suspected of criminal activities.
